

# HIBRIT

“a clear strategy”

engineering. architecture. project management

## ABOUT US

HIBRIT is founded in 2004 serving engineering design and consultancy. Since the establishment hundreds of structural design have the signature of HIBRIT.

2011 architectural concept and design service and by 2017 project management service have took place in HIBRIT.

Permanently improving the capability in pre-fabricated solutions, HIBRIT is a member of the Turkish Precast Concrete Association.

**We produce ARCHITECTURAL DESIGNS with detailed and carefully analyzed operational needs...**

HIBRIT's principle is "Each projects is unique"

In the point of view of the preparation of projects to be tendered by public institutions and the projects needs of the industrial investors, the architectural and static disciplines are under the same roof with the result of functional, secure, in-budget and suitable structures for the purpose are designed in HIBRIT.

**SUPPORTING YOUR INVESTMENTS**

HIBRIT is a trustable trade mark with years of experience and knowledge for the majority of the civil engineering themes. We are challenging to produce economical and secure engineering solutions with different construction systems depending on your needs. In HIBRIT, projects are produced in the following main subjects of civil engineering.

- prefabricated concrete structures
- steel structures
- reinforced concrete structures
- combined carcass system structures
- machine pedestal and foundations
- geotechnical engineering
- shore and harbour structures - piers
- earthquake performance analysis and strengthen designs of existing structures
- analysis and reporting of the renovation of monumental and historical structures
- designs for demolition of structures with explosives

**Your right location** for all  
**Civil Engineering** solutions

**IN ANY STAGE WITH OUR CAPABLE STAFF**

**“PROJECT MANAGEMENT”** service; we act as your “Construction & Design Department”-from the first idea up to the production...

Construction investments are processes that should be managed. As your partner, HIBRIT manages the process with optimizing the targets; TIME-QUALITY-BUDGET

Investment budget is determined with **“DESIGN & FEASIBILITY”** works.

- Predesigns under future plan options, and prebudget assignment
- Design optimization via the budget boundaries
- Organize and review all design drawings
- Master work and cash flow schedules

**COST WILL DECREASE BY**

Right strategy determination for the **PROCUREMENT (TENDER & CONTRACTS) MANAGEMENT** is possible with HIBRIT

- tender drawings involving bill of quantities
- tender documents, technical and administrative specifications
- nominee company evaluation and tender management

Undesirable conclusions are always possible in **INVESTMENT PROCESS** without planning, audit and management. Depending on the project and the content, HIBRIT may provide full-time or part-time site audit/inspection management.

- contracts, legal licences and HSE
- work schedules, progress management and budget performance
- Inspections and supervisions under quality assurance scope
- design revisions via claim management

With **HANDOVER SERVICES**, you know that structure is ready for operation, and have all necessary warranties, manuals and as-built drawings.

- test and commissioning procedures
- temporary and final acceptance procedures
- documentation and trainings for the operation

**THE RIGHT SERVICE AT THE RIGHT TIME**

# STRUCTURES WITH HIBRIT SIGNATURE AND SOME OF THE REFERANCES

## **BAYLAN AOSB Factory - ÇIĞLI/İZMİR**

(construction area 37.940 m<sup>2</sup> , all application projects)

## **TEZOL PAPER MILL FACTORY - TARSUS/MERSİN**

(construction area 15.600 m<sup>2</sup> , all application projects)

## **TYH TEXTILE Factory - AKHİSAR OSB / MANİSA**

(construction area 13.780 m<sup>2</sup> , all application projects)

## **SERRA SÜNGER PANCAR OSB - TORBALI / İZMİR**

(construction area 6.600 m<sup>2</sup> , all application projects)

## **SF TEXTILE ESBAŞ PLANT - İZMİR**

(construction area 7.450 m<sup>2</sup> , all application projects)

## **EGEDEMİR PLANT BUILDINGS, ALOSBI - ALİAĞA / İZMİR**

(construction area 5.570 m<sup>2</sup> , all application projects)

## **ENDO ENDÜSTRİYEL, AOSB - ÇIĞLI / İZMİR**

((construction area 3.700 m<sup>2</sup> , all application projects)

## **MEKİK CARPETS, BEGOS - BUCA / İZMİR**

(construction area 5.000 m<sup>2</sup> , all application projects)

## **CEMDAĞ ILLUMINATING PRODUCTION PLANTS – ALİAĞA & AKHİSAR**

(construction area : 10.400 m<sup>2</sup> , all application projects)

## **KILIÇLAR IRON AND ALUMINIUM PRODUCTION PLANT - ALİAĞA / İZMİR**

(construction area 2.100 m<sup>2</sup> , all application projects)

## **HÜRRİYET INDUSTRIAL CENTER - AKHİSAR / MANİSA**

(construction area 6.000 m<sup>2</sup> , all application projects)

## **İŞ-GEM CENTER - VAN**

(construction area 1.800 m<sup>2</sup> , architectural, concrete ve prefabrication design)

## **GÜRALLAR LAV GLASS PRODUCTION PLANT - KÜTAHYA**

(construction area 26.000 m<sup>2</sup> , reinf.concrete, prefabrication ve steel designs)

### **DOKUZ EYLÜL UNIVERSITY NURSING FACULTY - İZMİR**

(construction area 5.700 m<sup>2</sup> , architectural ve reinf.concrete designs)

### **JTI TOBACCO EXTENTION - TORBALI / İZMİR**

(construction area 5.000 m<sup>2</sup> , architectural ve reinf.concrete designs)

### **SOLU-FERT İZBAŞ KNO<sub>3</sub> BUILDING - İZMİR**

(construction area 3.400 m<sup>2</sup> , architectural, reinf.concrete ve steel design)

### **İZBETON BERGAMA AND BAYINDIR FACTORIES - İZMİR**

(construction area 3.800 m<sup>2</sup> , architectural, prefabrication ve reinf.concrete design)

### **BALIKESİR OSB TREATMENT PLANT - BALIKESİR**

(5.000+5.000 m<sup>3</sup>/day capacity , architectural ve reinf.concrete design)

### **AFYON MUNICIPALITY MULTILAYERED BAZAAR BUILDING - AFYON**

(construction area 15.300 m<sup>2</sup> , architectural, reinf.concrete ve prefabrication design)

### **MAPEX PLANT BUILDING, ESBAŞ - GAZİEMİR / İZMİR**

(construction area 4.195 m<sup>2</sup> , architectural ve reinf.concrete designs)

### **AKUAKİM VACCINE PRODUCTION PLANT - İTOB MENDERES / İZMİR**

(construction area 2.000 m<sup>2</sup> , architectural ve reinf.concrete designs)

### **KGM 11.REGION SNOW AND SNOWSLIDE TUNNELS - VAN**

### **MIDTOWN SHOPPING CENTER - BODRUM / MUĞLA**

(construction area 57.000 m<sup>2</sup> , reinf.concrete and prefabrication design)

### **YAYLADAĞ SHOPPING MALL - BALIKESİR**

(construction area 8.400 m<sup>2</sup> , reinf.concrete designs)

### **SYNGENTA AGRICULTURE PLANT – MURADİYE / MANİSA**

(construction area : 5700 m<sup>2</sup> , reinf.concrete, prefabrication ve steel designs)

### **ÇUKUROVA GROUP SELKASAN PAPER MILL PLANT/POWER PLANT BUILDING**

(construction area 1.250 m<sup>2</sup> , steel ve reinf.concrete designs)

### **TÜRK HENKEL PRODUCTION PLANT - ANKARA**

(construction area 13.000 m<sup>2</sup> , reinf.concrete ve prefabrication designs )

(evaluation of the earthquake resistance capacity of the existing plant and necessity of reinforcement)

### **DÖNMEZ DEBRİYAJ BAĞYURDU OSB PLANT - İZMİR**

(construction area 11.500 m<sup>2</sup> , reinf.concrete ve steel design)

**MEKTEBİM COLLEGE -AFYON**

(construction area 8.500 m<sup>2</sup> , reinf.concrete designs)

**DOKUZ EYLÜL UNIVERSITY FACULTY OF LAW - İZMİR**

(construction area 25.200 m<sup>2</sup> , reinf.concrete designs)

**AJARA TEXTILE Factory - POTİ / GEORGIA**

(construction area 15.000 m<sup>2</sup> , reinf.concrete ve prefabrication designs)

**EGE NITRO - SİLO DESTRUCTION CALCULATIONS - SÜLEYMANİYE / IRAQ**

**MİGROS HYPERMARKET ABDULKAHAR ERARSLAN - VAN**

(construction area 3.500 m<sup>2</sup> , reinf.concrete ve prefabrication designs)

**TESCO KİPA MUĞLA, POLATLI, YALIKAVAK SHOPPING MALLS**

(construction area : 12.700 m<sup>2</sup> , reinf.concrete, prefabrication ve steel designs)

**SİVAS SPORTS ARENA - SİVAS**

(capacity with 25.000 , reinf.concrete ve prefabrication design)

**MEHMET AKİF ERSOY UNIVERSITY SPORTS ARENA - BURDUR**

(capacity with 13.800 , reinf.concrete design)

**TURGUTLU BELEDİYESİ ŞEHİR STADYUMU - TURGUTLU / MANİSA**

(construction area 6.600 m<sup>2</sup> , reinf.concrete ve steel design)

**COCA-COLA ERBİL BOTTLING PLANT - ERBİL / IRAQ**

(construction area 12.000 m<sup>2</sup> , reinf.concrete ve prefabrication design)

**SOCAR STAR ARP FIRST AID BUILDING - ALİAĞA / İZMİR**

(construction area 520 m<sup>2</sup> , reinf.concrete design)

**TETUSA OASIS AQUAPARK - ÇEŞME / İZMİR**

**ÇAĞDAŞ AQUAPARK & GOCART - VAN**

(construction area 3.100 m<sup>2</sup> , reinf.concrete ve prefabrication design)

**AL-TAIF HOSPITAL PREFABRICATED FACADE PROJECT - SUUDİ ARABİSTAN**

(designed total facade area 70.000 m<sup>2</sup>)

**MAZIDAĞI FERTILIZER STORAGE PLANT - MARDİN**

(construction area 14.900 m<sup>2</sup> , reinf.concrete ve prefabrication design)

**SPCX SOUTH CAUCASUS PIPELINE EXPANSION PROJECT - TİFLİS / GEORGIA**

(construction area 2.600 m<sup>2</sup> , reinf.concrete design)

### **LA LORRAINE MOSB PRODUCTION PLANT - MANİSA**

(construction area 10.500 m<sup>2</sup> , reinf.concrete, prefabrication ve steel design)

### **ULAAN-BAATAR SOUTHWEST TREATMENT PLANT - MOĞOLİSTAN**

(water treatment plant, reinf.concrete design)

### **AĞIR HADDECİLİK (ROLLING MILL) DİLOVASI EXTENTION - KOCAELİ**

(construction area 3.840 m<sup>2</sup> , reinf.concrete design)

### **SOUTH CAUCASIAN PIPELINE METAL LTD POTI TERMINAL - POTI / GÜRCİSTAN**

(construction area 4.300 m<sup>2</sup> , reinf.concrete ve prefabrication design)

### **İZMİR SUBWAY POLİGON SUBSTATION - İZMİR**

(construction area 750 m<sup>2</sup> , reinf.concrete design)

### **EGEDEMİR PLANT BUILDINGS, ALOSBI - ALİAĞA / İZMİR**

(construction area 5.570 m<sup>2</sup> , architectural ve reinf.concrete designs)

### **İNCİ BATTERY PRODUCTION PLANT – MANİSA O.S.B.**

(construction area 10.000 m<sup>2</sup> , reinf.concrete ve prefabrication designs)

### **KÜTAŞ MOSB PRODUCTION PLANT - MANİSA**

(construction area 14.530 m<sup>2</sup> , steel ve reinf.concrete designs)

### **BOSCH AIRCONDITIONING MOSB PLANT - MANİSA**

(construction area 14.500 m<sup>2</sup> , steel ve reinf.concrete designs)

### **TURKISH NAVAL FORCE FOÇA ADMIRALTY , PILED PORTS AND PIERS DESIGN**

### **KEMALPAŞA MUNICIPALITY MULTILAYERED BAZAAR BUILDING**

(construction area 21.700 m<sup>2</sup> , reinf.concrete designs)

### **PREFABRICATED CONCRETE COMPANY REFERENCES**
